JCB-OFAC-8H

SILENT 8L OIL-FREE AIR COMPRESSOR

The JCB-OFAC-8H is a compact 8L oil-free silent air compressor for tyre and inflatable work, air brushing, blow cleaning and other short-duration tasks, subject to the connected tool's air requirements. The 750W, 1HP direct-drive pump provides 131L/min air displacement and reaches 8 bar/116psi, while oil-free operation removes routine pump-oil changes and avoids pump-oil carryover.

1.5m Cable

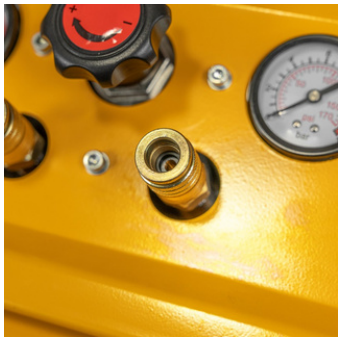

8L Capacity

58db (A) Sound level

3 Year Warranty

Specification

Model	JCB-OFAC-8H
Tank Capacity	8L
Pump Type	Oil-free, direct drive
Rated power	750W / 1HP
Motor Speed	1450rpm
Voltage	230V
Maximum Pressure	8 bar / 116psi
Sound Pressure Level	58 db(A)
Power Cable	1.5m
Net weight	17kg
Assembled dimensions (H x W x L)	490 x 215 x 480mm
